

Legacy Bench Program

HONOR A LOVED ONE FOREVER IN STONE. PLACE A MEMORIAL BENCH IN THEIR FAVORITE SPOT.

A **LEGACY BENCH** is a wonderful way to honor a friend or loved one. It's also a valued and meaningful way to support the community. Citizens are encouraged to set up benches in favorite locations found in parks, recreation facilities, or along regional or back country trails. Above is how one family chose to honor their loved ones using a Legacy Bench program.

Benches come in 4, 5 or 6 foot lengths. They weigh 650 to 700 pounds, are vandal resistant and cannot be stolen. There are three colors to choose from; white, black or brown. Dedication words are deeply etched into the black granite plaque set into the backrest. All benches are warranted against material defect and have proven to last 20 years or longer while requiring no money spent on upkeep.

A VALUED GIFT TO ANY COMMUNITY

4 foot bench \$ _____

5 foot bench \$ _____

6 foot bench \$ _____

Placed for the life of the Bench

15 years or longer
